

Edward Johnson

Background

Edward is a 28 year old professional who has worked in the health industry for a number of years. He has a passion for both health and nature. Recently, he started working at PaRx, giving him the opportunity to focus on both his passions on a daily basis. One of Edward's favourite things to do is going for a run through his neighbourhood and talking to the locals.

Key Attributes

Age: 31

Location: Victoria, BC

Occupation: PaRx Associate

Status: Single

Optimistic

Outspoken

Dedicated

Detail-oriented

Frustrations

Edward's job at PaRx is to go through numerous physician's each day, searching for them on their school's database, and validating whether or not they are in good standing. He goes through many each day, and the meticulous job has begun to take a toll on him and his mental health.

Goals

- Wants to validate more physician's each day to impress his superiors and possibly get a raise
- Wants to have more time each day to go for runs to clear his head and improve his mental health
